

DEFINITION OF DONE

1. TESTED

The game has been tested to verify that it is fun to play.

Note: Non-game-breaking bugs do not block completion as long as they provide comedic value.

2. DOCUMENTED

All necessary features are documented clear and concisely.

Note: Avoid excessive documentation.

3. TEAM TESTING

The entire team must play-test the game together.

Pass Criterion: The build is deemed unacceptable if no team members laugh during the session.
